DET iPhone Configuration

|	
	From the iPhone home screen, touch Mail
	(If the IPhone has already had a mail account set up, this screen can also be accessed from settings -> mail, contacts, calendar -> add account)
	You will be then asked to select the type of account you wish to add, Touch Exchange.
	Please note that if the iPhone is to be used on the Telstra network the access point for GPRS has to be set to Telstra.iph. The phone number also has to be registered with Telstra as being a used with an iPhone. This will allow push email to work as well as giving access to all of the online services for the iPhone. Access point setup can be found under settings -> general -> network.
	On this screen enter the following details:
	Email – Your DET email address
	Domain – leave blank
	Username – your **DET Userid@det**
	Password - your password for this account
	Touch **Next** to continue and verify your account settings
	Cannot Verify Server Identity Exchange can't verify the identity of "det.nsw.edu.au". Would you like to continue anyway?
	Touch Continue to accept the certificate
